As there is difficulty for accommodation in the remote Koila Farm, the Committee feels that living quarters for the staff are absolutely necessary. Resolved, therefore, to recommend to Government the

construction of quarters for the staff urgently.

2 As it is necessary that the local breed of cattle and baffaloes should be improved in the District, resolved that Government may be addressed to make arrangements to purchase the necessary stock at least 50 for the present for the farm.

3 Resolved to address Government to sanction a Tractor exclusively for use in the Farm to bring the fallow land under cultivation as quickly as possible.

4 As the Udipi Municipality and its neighbourhood is fast developing in point of cattle population, a pucca Veterinary Hospital is absolutely necessary there. Resolved to address Government to take steps to open a Veterinary Hospital there expeditiously.

Ref: Government Memorandum Develpment Department No.83054-E/51-8 dated 4-4-52.

..

There is already a Minor Veterinary Dispensary working at Udipi since 1-6-50 and for all practical purposes it can be considered as a pucca Veterinary Dispensary. The work turned out therein should serve as an index to judge the necessity for the conversion of the Minor Veterinary Dispensary into a pucca dispensary. The monthly average attendance at the dispensary ever since its opening is furnished below:

1950	Daily average attendance	1951	Daily average attendance	1952	Daily average attendance.
June	2.0	January	6.40	January	5.77
July	4.0	Febaruary	6.50	February	5.62
August	3.8	March	4.40	March	5.35
September	4.0	April	5.871	April	6.06
October	3.8	May	5.70	May	6.16
November	4.0	June	5.60	June	4.7
December	4.2	July	5.46		
	/-----	August	6.4		6/33.66
7	/25.8	September	5.9		5.61
	3.6	October	7.35		
		November	5.61		
		December	6.00		
			12/71.03		
			5.91		

From the above daily average attendance, it will be obvious that there is no justification for a pucca Veterinary Dispensary at Udippi at present. The question of opening a regular Veterinary Dispensary at the place can be postponed till the volume of work justifies it.

Sir,

TEXTILES: Mill cloth--grant of a wholesale licence for Karkal--proposals submitted.

There was a wholesale dealer in Karkal whose license was cancelled by me in March 1951 on account of his failure to lift his quotas regularly. After the cancellation of this licence, Sri V.R.A.Seniappa Mudaliar a yarn and cloth merchant of Mangalore applied for a wholesale cloth licence for Karkal. He was granted a wholesale licence in April 1951 on his undertaking to open the wholesale business at Karkal. As he failed to open the shop at Karkal and went on distributing cloth from Mangalore on the plea that no building was available in Karkal, his licence was cancelled in June 1951. He has now come forward with a petition saying that he has found a suitable building at Karkal for conducting his wholesale business and requesting that his wholesale licence which was cancelled may be restored.

2. There is real need for a wholesale dealer at Karkal which is the Head-quarters of a taluk. There are no wholesalers now in the whole of Karkal taluk and the retailers of the taluk are linked with the wholesalers of Mangalore. The distance from Karkal to Mangalore is 33 miles. It will be convenient for the retail dealers of Karkal taluk if there is a wholesaler at Karkal itself. I therefore, solicit the approval of Government to restore the wholesale cloth licence of Sri V. R. A. Seniappa Mudaliar for Karkal.

Yours faithfully,
